# **WILSON'S ELECTION**

Change at This Time Great Mistake, Frederick M. Williams Declares.

PRAISES WILSON'S LAWS.

Head of N. Y. Hay Exchange Says Democratic Party Is Progressive.

Mr. Frederick M. Williams, Prestdent of the New York Hay Exchange, at No. 601 West Thirty-third Street. a Roosevelt Elector in 1902, a lifelong ican of progressive tendencies and a leading citizen of the Nineth Assembly District, sends to The Evening World the following letter telling why he is going to support odrow Wilson:

to the Editor of The Evening World "Dear Sir: I shall vote for the reection of Woodrow Wilson.

"Prior to 1912 I was a progressive publican. At that time I joine! the Progressive Party and took an active part in its councils, being a Roosevelt Presidential Elector and President of the Claremont Progressive Club. The Progressive platform of 1912, I believed, should find expression in the Federal statutes, whereas the Republican platform and the methods of the Republican machine were objectionable to me. The election of 1912 resulted in favor of President Wilson.

"During the past three years many leaders of the Progressive Party of 1913 have been gathered in by the Republican Party, although it spurns the whole progressive propaganda, whereas the Democratic Party, under the leadership of Wilson, has given expression to many progressive principles in the shape of legislation, for example, Federal Reserve Banks, rural credita, abolition of child labor and the eight-hour day for railroad employees, &c.

"The Republican Party now claims to have originated the Federal Reserve Banks. When Roosevelt was President, Congressman Vreeland of New Jersey introduced a bill to create Federal Reserve Banks, but could not get it out of the committee, nor could be get a renomination for Congress.

HUGHES'S' RECORD AS GOVER-NOR AGAINST HM.

NOR AGAINST HM.

"Tam opposed to Mr. Hughes partly because the circumstances surrounding his nomination show that he was a candidate while he was on the Supreme Court bench. Mr. Hughes's record as Governor of this State shows him to be a man of the interests." He signed the St. Lawrence Water Grab Bill, subsequently repealed, and opposed the Federal income Tax Amendment to the United States Constitution. Mr. Hughes advocated the Hinman-Greene Primary Bill, which was opposed by the bosses. This bill was a counterfeit The Republican bosses have since regretted that they did not accept it and thus dispose of a progressive principle by bogus legislation.

PINE THINGS THAT PRESIDENT

PINE THINGS THAT PRESIDENT WILSON HAS DONE.

Democratic Party

The Democratic Party is now the party of construction, the Republican Party is now the party without legislative programme, simply seeking offices, parropage and spoils for the benefit of the machine.

"President Wilson in his foreign policies has taken a most creditable stand. He has sagaciously and with well balanced judgment insisted upon the rights of humanity as defined by international law, without plunging us into a war of indescribable horrors and disturbing the national unity of our people. He has put throwth at in-

into a war of indescribable horrors and disturbing the national unity of our people. He has put through a:, incomparable naval and military programme, preparing for the common defense and adequately to back up our just demands of other powers.

"The unprecedented abnormal conditions of the whole world make it absolutely imperative that Wilson be re-elected. A change at this momentous time might well be understood abroad to be a repudiation of our legal rights as a neutral power as set forth and insisted upon heretofore by President Wilson, resulting in the gravest consequences.

"Considering all these facts that bear upon the contest, an unbiased mind must conclude that Wilson is a patriotic American, an exponent of popular government, that under his leadership we have and will have peace with honor, preparedness for defense, prosperity of all the people—not merely a few of the people—social and industrial justice, a more abundant opportunity for all and special privileges for none. Very truly yours.

"FREDERICK M. WILLIAMS."

### Curtains & Curtain Materials

Greatest Sale of These Goods New York Has Ever Seen Will End Saturday

This store has been the scene of many remarkable events in the Upholstery Department, but none ever held equalled the wonderful success which has so far attended "Lace Curtain Week," inaugurated last Monday.

Sixteen lots of curtains and curtain materials were presented. From the very first the selling has been enormous, but we prepared on a large scale, and therefore were ready for every demand made upon us. Friday and Saturday are the last two days for you to make your selection.

The assortment at each price still offers excellent choice, and we are safe in saying that our prices will not be duplicated for a long time when this event closes Saturday.

(Note.—All of these curtains and curtain materials were made up specially for us by a well-known maker, who had a quantity of dainty materials on hand, into styles of our own selection, upon agreement that we furnish the ready cash for the cost of production.)
